WHAT TO CONFIRM BEFORE ORDERING

- Confirm the exact identity, carrier and particle size for Oat Beta-Glucan 70% before the first order.
- Taste at the target sucrose equivalence in the real matrix, not in water alone.

> **Indicative document.** This sheet describes the grade we can quote; it is not a batch COA and does not confirm a result for a specific lot. Final specification, contaminant limits and documentation are agreed in writing before the order. The identity, assay basis, profile and method are release parameters, not marketing descriptions.
